Halloween is not child's play. It has real origins in the occult. Even in modern times, the "Day of the Dead" remains to be a high sabbath for satanists & witches. The Holy Bible tells us to abstain from all appearance of evil. Images of skulls, skeletons, & monsters definitely have a dark, demonic appearance. If we seek life/Heaven, we should be children of light & not of darkness. Glorify God & not our enemy, the devil & death. The devil & his demons are very, very real. They are nothing to laugh at or have fun with or play games with. Teach your children the commandments of God, & not occult practices.	**Halloween is not child's play.
