Praise Jesus. Let's turn to the book of Revelation.

Praise Jesus again. Praise God. Here's my beautiful wife.

The book of Revelation. We got through chapter 11 last week. So today, we're going to review chapter 11 just slightly before we move forward.

Chapter 11 started. And it speaks in verse 2 about the Gentiles patrolling the temple now for three and a half years.

We know that's going to be happening very shortly. One of the reasons that I was up awake in the middle of the night was that I wanted to see if Iran has begun to attack yet. They haven't at this moment.

It seems closer and closer, and perhaps they might be waiting for the day of mourning for the first and second temple. They're very confused, at least publicly, about this attack. They think they know elements of it.

They think they know parts of it. But they are confused about it. According to the posts on Twitter last night. They said Iran is not well equipped for major defense of their own nation.

That's true if we think of only Iran themselves. Iran all by themselves. Israel, even though they are a very tiny land in Judea, is very extremely powerful militarily.

It's because of American help and because of the blessings of Abraham, Isaac and Jacob, and because of their own economy, free market, capitalism, and all of these things.

Iran is not a great, prosperous, powerful, mighty nation. And Iran is not militarily strong.

But Iran does have some muscles and their biggest muscles is their allies, North Korea, Russia, and China.

So I've been on there (Twitter) explaining that they will coordinate, but not only Hezbollah and Hamas, but with Syria, and with Russia, and China, and Turkey.

I did put Turkey on there. And that they will bond together in a single military attack against Israel and the UK and America.

This is how it will go. Not only against the Jews in Judea, but against all of the Israelites and their allies.

This is something that the so called conservatives, Christians, so called, and Republicans, so called, and Jews that read that particular Twitter page, they're not going to enjoy reading this.

Because of how great Israel is, especially compared to Iran, compared to all of their neighbors, in their view, they are great, they are under God's blessing.

Somewhat, but they don't understand that they're also under God's curses.

For their sins, false religion. For allowing the leftists, their Supreme Court, government, and for allowing wicked nations that surround them to live.

These are things they're not going to want to hear, but it must be said. In my next message, that I just posted right before we came on air today, is more specifically to the split off groups of the old "Worldwide Church of God".

Specifically calling them out for sins of false doctrine. Declaring to them correct prophecy and correct doctrine, both, and of course they will turn a blind view to that.

And everyone that I have tagged and will be tagging, to get their attention to these posts, everyone by far will turn a blind eye, and have a knee-jerk immediate reaction, as everyone does.

Because everyone thinks that they are saved, and everyone thinks they are totally right, never wrong about anything. But it still must be said, clearly, so that as the days continue, and the first Iranian strike hits, and it continues, because this is going to be different.

A different match is still working down the clock. American diplomats are working in Jordan today, and Jordan is inside Iran. Jordanian officials are also inside Iran. And also Russian officials are inside Iran. They are working from both sides. They're all in Iran today, talking to each other.

We don't know the immediate results of that for the next 24 hours. But the bottom line is, the scripture says they will be in control of the Temple Mount in the holy city 3 and a half years.

In that case, it's coming, whether it's going to be this next spring, or the year after that, whatever the case may be.

And as these events begin to be more and more confusing, these groups, these people that I'm tagging, will hopefully come to remember my words. These are not just only my words, but the words of Theos.

(Missing)

These are Virgo is a constellation of the woman, Virgo, virgin.

So definitely, we can see this in one sense as Mary being a virgin. But it's going back even farther than that.

It's going back to the time of Joseph, in John's vision. The note in Alpha Omega Bible says it refers back to Genesis 37, verses 9 and 10.

The sun refers to Jacob, Israel. The sun refers to the Syrian mothers of Jacob's children.

The stars refer to the Israelites.

The woman refers to the constellation of Virgo, which is in the horoscopes in September.

And so for that reason, you've had many false prophets try to declare Jesus is coming back in September or the Great Tribulation will start in September and things like that.

And none of that is true. This is really going back to the beginning, the foundation and the birth of Israel.

Well, I guess it's really going back thousands of years. So we don't need to see verse 1 and verse 2 fulfilled in the end time.

So that's where those false prophets have gone wrong. That's a prophecy for the end time.

Really, it's only going back to the origin of Israel.

Then in verse 3, it changes to a new time in history.

Verse 3, then another sign threw them in the sky, the whole of the great red dragon having seven heads and single tongues, his heads seven crowns.

His tail, swept away a third of the stars in heaven, threw them to the elephant. Dragon slurred before the woman who was about to give birth so that she gave birth, so that when she gave birth, he might give birth to a child.

And we know that the child in the birth of Jesus also seems very visual, but it's really Jesus, more than anything else, according to verse 5.

She gave birth to a son, a male, who is to quote all nations with a lot of art. The child is called up to the Theos and to the throne.

So it is definitely Jesus, but this woman of verse 4 is Mary, whereas the woman in verse 1 and verse 2 is Israel.

So we see that Mary and Israel both share a symbolism of the stars in them that appear in this chapter.

Now, the creature, dragon, with a tail, is, of course, Satan. There's Thor, sweeping away a third of the stars in heaven and throwing them to the earth.

People think that's talking about the first war in heaven that occurred before Adam and Eve.

But it's not talking about that. This is in order here that it starts out with Israel, then the birth of Jesus, and then later on a war in heaven.

This is in order here. This particular war in heaven is not going back, father and father back, before they're born.

It's not. It is in a timely order. And it's talking about an end time war in Heaven that has yet to occur. But it also talks about (.....could not determine words)

So it's also, at the same time, it's talking about that the devil wanted to murder Jesus at his birth and (.....could not determine the words).

But it's also talking about that it's going to be a war in Heaven in our end time as we're about to see here in verse 7.

It makes it very, very clear that it's also talking about a war in heaven in our day, in our lifetime.

Verse 7, there was another war in heaven. Michael and his angels raised in war with the dragon Satan.

The dragon is angels. The dead angels raised him. This is a war between good angels and bad angels in heaven. And notice, it specifically does mention Michael.

So we can compare that with Daniel 12, verse 1, about Michael the archangel stepping up, rising up, from, typing in the front of his box, so that he would no longer restrain.

2 Thessalonians 2, that he would no longer restrain. He would no longer hold back the timing of the abomination of desolation in great tribulation.

Verse 8, and they were not strong enough, and there was no longer a place bound for them in heaven.

And the great dragon was thrown down, the serpent of old. So it's not talking about the first war in heaven, because it

calls him serpent of old.

He was accompanied by the devil. The devil said he deceived the entire world. I've quoted that a million times over the years. The devil deceived the entire world.

It's not just part of the world. It's not just a huge denomination. It's an average denomination. Even the split off groups of the worldwide church of God have been deceived, very much so.

Even the Pentecostals, the Sabbaths, even the oneness of churches, because they're so far in Sunday, things like that. The entire world has been deceived. All the people have called themselves Christians.

Everyone has been deceived. He was thrown down to the earth, and his angels were thrown down with him.

And I've heard a loud voice in heaven saying it, but I'm going to pause right there, because how these demons increase in number to the earth, they've been coming back and forth already.

So it's not an increase in number. But they're kicked out of heaven, because normally they're allowed to be up there every day coming and going from heaven and earth continually and accusing us continually, as the Bible says, that they're a community, that they continually use their knowledge, use our blood in heaven.

That is all. A bunch of crazy bodies. A bunch of crazy bodies. I think that's a bunch of omen in the Bible.

So this is God vanishing from heaven, but that's it. That did not occur in the first four in heaven.

But they were allowed to continue to go back and forth. But not after this. After this happened, they won't be allowed to go back up to heaven after this point.

And so this is not through a, what they call it, a collider. This is not through a great collider.

If you're all at YouTube, Church of Craft, that the demons are being a portal for a cause has been opened up to the demons through the colliders.

That's bull crap. You don't have to have a moustache, a portal, a collider. You don't need any of that for spiritual creatures that are already here. It's stupid for me, then, just because somebody on YouTube or some website teaches it's very sad, very ridiculous how gullible people are.

That they believe anything that's alive, but they have never believed the truth at all.

Very sad. The devil has deceived the entire world. The Bible is true, but people don't want to believe that lyrics. They say, well, I believe the Bible.

I believe the Bible. But they don't believe it. They don't. They only believe very, very, very, very, very, very small sections of it.

One verse here, one verse there. They don't believe the majority of the word of God.

That's very clear. Very clear. And it says right here in verse 10 that, then I heard a loud voice in heaven saying, now the salvation, the power, and the kingdom of our Theos and the authority of this God has come, for the season of our loving has been thrown down.

He who has used them before our Theos day and night, that they overcame. I do want to change, but, in verse 11.

But they overcame by the blood of the lamb and by the word of their testimony. They did not love their life, even when faced with death.

So this means that the true church truly, truly saves people. It's a very small number upon the earth right now.

That we must be going, that if the church came to shut, if we were captured, if that point of martyrdom were to come to us, then we must be willing to sacrifice for God, even as, look at Maccabees, how the people of God was not willing to compromise with the scripture, with the law, with the commandments of the Lord, even when faced with torture, even when faced with death.

Whereas, look upon the earth today, how people so easily sell their birthright, sell their soul for money and more money and more money.

They're never content, never happy with what they have. People know they have a roof over their head, a floor under their feet, and dependable income.

They're not sufficient for them. The Lord is not sufficient for them because they want to commit adultery against the Lord by involving themselves with false religions, anti-class religions, religions that deny Christ as God.

It's adultery. They claim to love the Lord. It's a lie. It's a lie. What they're in love with is themselves and believing that they were slaves and they are deceived.

This is just the truth. That's just glaring the truth. That's all I'm doing here. But the scripture is what the scripture is very clear about.

Every other truth is. But not only must we be willing to be martyred if first came to shove and that happened, but also until then, we're covered by the blood of the lamb, which means we keep being cast over communion and reclaim that blood more than just thinking that we're saved.

That's tremendously different than just believing that we're saved. We are actively claiming that blood of Christ by bringing that cast over communion.

That's more than just mere belief. That's much more than just mere words, even. More than belief, more than just speaking the words that actually come. So lying that blood can only be done without a reason and obedience to His commandment and the communion.

You can speak it all you want, but don't make it true. Amen. Matthew 7, verse 21. It says that not everyone that says to me, Lord, will accept the honor.

I think about the word of our testimony. And that's where the church, the way of the senior church today is extremely lacking.

I have to beg and beg and beg for testimony. People saying, well, I only have one testimony.

I only have two testimonies. No, you have 1,000 testimonies. Every one that you do, every day you live is a new testimony added to the list of testimonies of God serving you, keeping you, saving you, delivering you, healing you, seeing you through another day is a miracle that we take it for granted.

And we so easily forget and lay aside all of the miracles, both the little ones and the big ones.

And we think that even the big giant miracles that we saw five years ago or two years ago or six months ago, they're not worthy to bring back up again.

Oh, they're people. They've already heard it before. They don't want to hear it again. But yes, they do.

There's always going to be a new person somewhere. Even if we don't know that they are listening, even if I don't know their name, even if they have not yet contacted me, there's always new people listening or will be listening to the recording player.

People are very paranoid these days where they don't want to actually talk with one another or paranoid as hell.

That will be listening. That will be listening. It's important that you give your testimony. And this is one of the three ways that you keep thinking in your life is by giving your testimonies, by actually speaking up every opportunity that you're given, every opportunity that you are given to say, yes, God got me through yesterday.

Yes, God got me through this situation with my car, my health, my finances. I just got over a food.

I just got over a food. I just got this ancient prayer. I was just able to witness to this person that in itself is a mirror, given by glory for that.

Every little thing. And yes, God gave me this. And yes, I gave God glory for it two weeks ago, a few weeks ago. But it's so good that God did it that I want to mention it again and again and again and again. Amen.

I want to mention again that God delivered me from drugs. God delivered me from homosexual activity, homosexual lifestyle. God delivered me again from Satan worship, from witchcraft, from demonic activity, from compromise, false religion, from false documents, from false prophecy.

God killed my eye. That's when the branch ran in my eye. I was able to yank it out with no blood. Did not have to go to the doctor.

Did not have to go to the hospital. When my artery in my leg was clogged, did not have to go to the doctor.

Did not have to go to the hospital. And the list is really endless. I have a page on isawthelightministries.com of a lot of the other miracles, the time that I saw the cloud in the sky go close to the ground, close to me, change into the perfect shape of a turtle and a snail, changing back and forth between the two.

And it was perfect to every little microscopic detail as an artist has painted it.

That was heaven. That was a heavenly thing. That was not imagination. It was a dream.

The time that God gave me the set of chains, clearly in Ezekiel 38, that he would put in the nose of Russia and China and drag them into America.

And the list is endless. I have that [miracles.html](#) page. And I need to update that and add some more to it. Just the other day, just whether it was yesterday or the day before this grand miracle, the thought came into my mind.

Post about five groups of Christians that will be in the great tribulation. It's been forever since we posted that PDF.

We've had that PDF. And it's been a really long time since we posted it. And all of a sudden, just yesterday or the day before, it came into my mind. Post that PDF.

So I ran it and I posted the PDF. But I also wanted to copy and paste the words from it.

And I had 50 points between that. So I decided I would just take a screenshot of the image of it, as well as posting the PDF.

And I did that. And then I'm scrolling down the page and notice that John had already posted that image of the PDF on the five Irish freedoms page.

Now, that's tremendous. And that's a grand, huge, giant miracle. Because a PDF that we have not shared in a very long

time and, to the best of my memory, we had not even mentioned it to some of us.

And for it to come into his heart, his mind, he posted an image of it, specifically not just the PDF, but the image of it, which we did not even have in existence.

We did not have an image of it already made. He made an image of it which was identical to the image I made of it on the same day on the five Irish freedoms.

That's Jesus. That's God. That's proof that God is real and is proof of His presence, His working in this ministry, us and the members of this ministry, and is also proof of what that PDF actually says about the five Christians, five groups of Christians that will be present in the great tribulation as proof of that, John. Amen.

As God is saying, this is true. This is accurate. I want you both to make an image of it that doesn't even exist in the ministry, that would be identical to how you crop it.

Because either one of us could have cropped off the last two links or one of the last two links, but we didn't.

This is God. And every one of us should be thankful for this testimony, that miracle, and not falling aside so quickly.

But really taking time to think about how great this miracle is, what that means.

And not forgetting it when you get angry at me and not to quit. Not forgetting the miracles that God has worked in this ministry continually over and over and over and over that we have seen miracles, great miracles, so very much, so many people have come and gone that also saw great miracles, even within their own lives, even being delivered of demons that were in their houses until they came to this ministry, and then those demons in their houses disappeared because God delivered them from the letter Y, Assyrian names, Joshua and Yahweh and all the variations of that, that they had been blazed, was praying to, was worshiping, which came to them because of that.

And finally, when they came back to Jesus' name because of God in this ministry, our work, our articles, Robert's work, my work, their work in this ministry, because of our work, those people were delivered of demons, but then only a week later, a month later, two months later, they're gone, and there are no words to be seen.

The Bible says in Ezekiel, and Ezekiel is just as true as Matthew, Mark, Luke and John, just as true.

It says in Ezekiel, which is the word of God, written by a true prophet of the Lord, that he, God, Jesus, will not remember your righteousness and you have worked in the kingdom.

He will not remember your righteousness. Reject him, go back to your old ways, go back to the old churches, go back to Babylon, false churches, false prophets, false churches, churches due to and so forth.

So I wouldn't be surprised if those demons came right back to those people's lives.

I wouldn't be surprised if they had. Seven times. Seven times. Shall return to them.

Yes, the Bible does speak about that. To let go of God was deemed to be bad. Seven times. Anyway, let's continue here in Revelation, chapter 12, because the testimony is so important.

I just had to put that much time into it. Testimony, I cannot overstate, I cannot over preach it, how important testimony is, and I wish that this church, I wish that every one of you would begin to comprehend the importance, all capital letters, extreme importance of testimony.

Don't be afraid to say the same thing over and over and over again. Your testimony is powerful.

Use the testimony. This is part of the Ephesians 5 armor of God. This is part of it, that sword, that faith, the faith itself and the word of God, all of that, those are elements of your testimony.

If you want to defeat Satan and demons in your life, the demons that are attacking you in your mind, your body, your finances, your family, your relationships, your marriage, whatever the case may be, you want to defeat demons in your life, start giving God glory, verbally, out loud, and every, every, every, every opportunity that you are given to give a testimony to God of what God has done for you, don't shy back from it.

And I cannot overstate the importance of testimony. Verse 12, let's move forward.

Chapter 12, verse 12. For this reason rejoice, O heavens, and you who dwell in them, but lo to the earth and the sea and those, because the devil has come down to you having great anger, knowing that he has a short time, and that short time is referring to 43 months, three and a half years plus one month.

How do we know that? How do we know that? Because the casting down of these demons to the earth, including Satan, occurs at the end-time war in heaven, which will occur at the time of Purim of whatever year, very, very likely Purim of 2025, but it is not that year, Sophia, whatever year, whatever year.

Purim, because that is when 2 Thessalonians 2 is talking back, if you look at the whole Greek, the oldest version of the book of Esther, chapter 5, all the words talking about demons, wrath, God, everything that is talking about the great tribulation, the end-time, Purim being the book of Esther, symbolism of Purim, all these things.

So let's move forward. Verse 13, the dragon saw that he was thrown down to the earth and persecuted the woman who gave birth to the child, to the child.

So this woman in verse 13 is no longer Mary because we know that Mary has been dead for 2,000 years. So this woman that gave birth to Jesus is not just Mary, but Israel, going back to the symbolism of verse 1. It's Israel who gives birth to Jesus, not only Mary. So this is talking about the language of Matthew, chapter 1, and Luke, chapter 1, or wherever it is, the other lineage, two gospels give the lineage ancestry, what I'm saying, the ancestry of Jesus, his family line, that you can trace it back, just like you can with King Charles, trace it back to Jacob, absolutely.

And verse 14, so let me say this, verse 13 is Satan waging war in the end time against Israel.

So that's what we're seeing happening right now with Iran, Hezbollah, and so forth, is Satan waging war with Israel, but it's going to be intensified after Satan wages the war in heaven on the day of a future paradigm when the devil will be angry because he was not successful at conquering God and overthrowing God in heaven.

There's a second historical attempt of Satan trying to overthrow God, the authority of God.

He tried it before. He always speaks of that in the G court, other places, that Satan tried to overthrow God before the fall of Adam and Eve, and that is what his purpose is now at the date of come is to try to overthrow God.

That's why there's a war in heaven. Why is there a war in heaven? Are they fighting over gold? Certainly.

No, they're fighting over authority of the entire universe, the throne of God. So that is why God will momentarily, only for a few seconds or a few minutes, we don't know how long, but only momentarily allow to turn a prediction about him, a power, a sword, a shard.

He could be his name, and his name be of this and existent. To momentarily sit in the throne of God because it is a battle over the throne of God, but God will allow him to momentarily sit in that seat to fulfill a purpose.

So that the Antichrist may be manifested, so that the throne of tradition may be manifested to fulfill scripture.

And then he'd be kicked out of that chair. He'd be kicked out of that throne and kicked out of heaven.

And that is allowed, the event that will be allowed, not because Satan is that strong, not that the Antichrist is that strong, but it is something that will be allowed to happen to fulfill scripture.

Because that has to be fulfilled so that all the other things will be fulfilled. Just because you don't want to believe it don't make it untrue.

Everything I've said is backed up by scripture. Now, this woman that gave birth to the male is Israel.

But here we got to understand something else here. As we transition time of the woman being Israel and Mary, what happens in the Bible if we read the entire Bible?

We also see that Israel becomes Israel, we also see that Israel becomes the church.

There are still yet physical trials of Israel for as long as there remains flesh.

And there will always be importance of Israel even after there is no flesh. The names of the twelve trials will be written in the gates of Israel in Revelation 22.

Is that right John? I'm sure that is right. So Revelation 22 and John says, Correct! And so that's there forever for all of eternity.

The physical bloodlines of Israel still matter today and will matter in the millennium and will matter in the one hundred years.

But there is also spiritual issues at the same time. And the church is spiritual visual because of mostly Gentiles right now because there is what the Bible calls the times of the Gentiles.

Until about a year and really into the millennium that would become more Israelite in the one hundred years.

Israelite becomes more Israelite but will continue to improve the Gentiles. So we are spiritual visual.

So this is what it begins to talk about is the church. The true church. Not the false church. Not the full day Christmas Easter Trinity church.

But the true church even though it's the Laodicean church it's still the true church even though we are complacent and lazy and learn to plant and don't want to give God very much glory right now.

But that's going to change. We'll give God a lot of glory after we get moved out of our houses after we lose the clothes after we lose the shirt off our back after we lose our jobs our money, our careers, our families, our friends after we lose everything just start giving God glory and we will transition into being a people of passion. Amen.

So our complacency even though it's very severe right now will change once we get our stinking and we will get our stinking every morning all completed as coming.

So in verse 14 the two rings of the great eagle were given to the woman. This woman is the church as it transitions more and more into the time of great tribulation in the end time the woman is no longer visual I try to pronounce it physical visual but rather it is spiritual visual now.

Now, the church. The woman in the church, that she may fly into the wilderness, into her place, where she was

nourished for a time and times, that's one and that's two and a half, that's one plus two is three and a half, so that's three and a half, three and a half years from the presence of the serpent.

This is the same three and a half years of Revelation 11, where the holy city Jerusalem is tread under the militarily bestowed and invaded three and a half years.

So that same three and a half years, while Israel is under captivity, physical Israel is under captivity, we have a part of the church protected by God in the wilderness, part of the church protected by God in the wilderness.

And this proves there's not any such thing as a pre-tribulation, before tribulation, rapture.

No such thing. It's not biblical, it's not in the Bible anywhere, anywhere, anywhere.

And all those verses that they try to use to prove a rapture before the tribulation, they are twisting the holy word of God and they will be punished and held accountable and repaid with double for their lives.

And that before tribulation, rapture is one of the biggest reasons why God is going to pull Russia and China and Iran and Syria into our nations and give them and allow them to throw and fire over part of the church and over our tribes and over our nations and the world and all nations.

It says every nation will be handed over to the authority of the anti-Christ. Every, every nation, every nation.

You can't fly to another nation to escape the captivity. The only physical protection is in the wilderness, that's the opposite of opportunity.

It's the opposite of an urban vacation spot. And it is secret. This is not going to be a place where you go to a website or YouTube video and they're advertising like they have been for decades.

Oh, it is exactly this address. That's very silly, very stupid. It's very stupid, but people still fall for it all the time. There's a place in South Carolina that does that exact same thing.

I don't know if that man is still alive or not. They call him Brother Stair, his first name, black man, white hair, gray, gray.

Oh, he might be dead by now. It doesn't surprise me a bit. But he had tons of followers, tons of followers. And people had traveled all over the world and all over America from multiple states to move there to be part of this church.

How come that's not happening with this church? You can't get one person. Well, we did have one person, Brother Albert. But other than that, you can't get anyone else to do it without dragging them and poking them and poking them and poking them to do it.

But not of their own accord. Because that's the difference between the deception of the whole world where they call for a lie and love a lie and they heap to themselves teachers that would tickle their ears and say what they want them to say and give them the doctrines that they want and have all that demonic influence and demonic pulling.

Contrary to the truth, the real truth, the boldness and courage of the real truth and uncompromised truth and not about the truth and growing in that truth, you're not going to get anyone.

God spoke to them on the mountain. They didn't want to hear it. They were afraid. And God spoke to them on the mountain.

The people said, I don't want to hear it. Send me somebody else. But God speaks to you, God. That's what the people said.

And that verse is very true in Timothy that they heap to themselves teachers that would tickle their ears.

People only want to listen to and watch what they want to listen to and watch. Mega church, the church of Satan, the general God of Satan.

Traditional church as we know it today, traditional churches as we know it today, Sunday, Christmas, Easter.

They're all as though every one of those groups, every one of them got instructions.

Plus the seven day adventures, some of which are older witnesses. Even the alcoholic.

So a lot of people get trapped in because the alcoholic does have some truth. And the seven day advantage, some people get trapped in because they do have some truth.

And all the witnesses, some people get trapped in because they do have some truth.

But you have to compromise. For every one of those courts, you have to compromise.

And then preachers, Sunday, Christmas, they're still Catholic. So let's move forward here.

That part of the church is physically taken into a physical wilderness for three and a half literal years.

But they are nourished by God. Notice that word, nourished. They are feared. They don't die.

They don't starve to death. Now as a group, that is. But I'm going to tell you this. If you end up in that place as a mixed multitude, if you think back to the great Exodus, look at Exodus, that they may have left Egypt and across the Red Sea.

It was not only God's people. It was not only the Israelites. But it was also some wicked people. It was also Gentiles as well.

It was a mixed group. They said it was a mixed group that went out. So it wasn't just pure. It wasn't just Israelites. And it wasn't just righteous. But it was a mixture of people. And that's the way it will be, I guarantee you, in the entire wilderness. But that's God.

God wants it to be that way. God wants it to be that way. Because we do need the interaction between light and darkness building evil and complacency and passion.

We need that because orange sharpens orange. And we provoke each other to good works.

But you can't provoke each other to good works if the other person doesn't need to be provoked to good works.

You don't need that actually a place for the complacency as much as I hate to say it, as much as it frustrates me to see the complacency that we see in this church.

There's a place for it. A divine place for it. We also have to recognize that our feet is not ten big toes. And our hands are not ten big bones.

That we have the need for the little toe, the pinky, we have a need for the little finger.

We have a need for every finger and every toe. We have a need for the buttoles. Amen. Some people are buttoles.

We have a need for the buttoles. Amen. Just to put it in a very carnal way. Some people have to hear it in a carnal way.

Really comprehend it more so. Part of the church will die in the wilderness. The divine protection and nourishing in that three and a half years of tribulation, if you make it in with the true church, you have to continue to be kept.

You can't get into the secret place of protection and being safe to yourself. I made it in this part.

I don't need to repent no more. I don't need to grow in truth any more. I don't have to submit to pass a sin any more. I made it into the glorious and wonderful protection of the hand of God.

I must be a saint. You can't allow pride to take over you in that day and time or even now.

At all points in time we must humble ourselves, continue to grow in truth, continue to grow close to the God, continue to examine ourselves, humble ourselves and repent daily. Amen.

And I'll overstate the importance of that. Verse 15, the serpent poured water like a river out of his mouth after the woman of the church so that he might either cause her or the church to be swept away with the flood.

Now this flood can be symbolic of armies, but it can also be literal, physical water coming from breaking dams.

This could have multiple manifestations. Verse 16, the herb helped the woman on the earth to open his mouth and drunk up the water of the river which the dragon poured out of his mouth.

So there's a great rupture in the earth and a great giant sea cold, opening up to swallow either physical water and or both militaries that are trying to capture the church.

Because Satan is fighting the church both visual, physical and spiritual. Both at that timing of the second exodus, the end time great exodus, it is a repeat of exodus involving water.

I repeat, and remember in the first exodus there was both a physical army and a physical one.

So I do expect that this time as well that there was both physical water as well as physical armies involved in the end time exodus.

Verse 17, the dragon Satan was enraged, angry with the church and went off to a war with the rest of her children, with the rest of the church that did not go into the wilderness.

There are certain truly saved people that won't go into the wilderness for multiple reasons.

Some of them will be because of the sins, even though they're truly saved, but they're sinful or they're complacent too much or whatever reason outside of the world that.

And it could also include truly saved people that are inside the wheel of God. And it's not because of those sins but perhaps he has called certain members of the church, through church, to stand face to face with the enemy.

To be in the concentration camps to witness to people and stuff like that. I would not rule that out.

So there are different faiths. We just shared the five groups of Christians that will be in the great tribulation.

One of those groups is the people that will be protected by God in the great tribulation.

Another group is Christians that will die in the great tribulation, the cause of their sins, whatever.

But another group is Christians that will die, not because of their sins, but because of holy martyrdom.

They're dying for Christ in their righteousness. Even though they may not be perfect, yes perhaps, but they die for righteousness, saved as an honor to God, not because of their sins.

So there are different things that can occur. Death and martyrdom can occur both for sin and for righteousness.

And you can also be protected. And there are also false Christians that will die in the tribulation as well.

So we've got different groups. And whatever group we fall in, let us be in the true church, let's be true to the Savior.

Whether we live or die, whether we're protected by God or turned to the lions, and protected or not protected.

Remember that the true prophets of God were all martyred eventually. We have biblical examples, stand our ground, stand our faith, and endure into death.

To endure into the end. Rather the end may be the coming of the Lord, or may the end be the son of the martyrdom.

Whatever God has allotted for you should not be your own choice. And that's a major problem with people.

They want to choose which one they will bring. And you can't. You can't. You may try, but that's a situation where the will of God will catch up with you.

God's plan will eventually catch up with you on that issue. Or at least most people have at least.

Most people will go outside of the will of God and God will not catch up with you.

He will allow you to do your own will and suffer the consequences of that as well.

So even that varies. But again, this proves that there's no rapture before the tribulation.

There's a bit of a struggle. But the devil does make war with part of the church who keep the commandment of the Theos and hold to the testimony of Jesus.

So you can actually do your testimonies and keep the commandment, be obedient to God, and still yet suffer a war against Satan in the tribulation and not be in the wilderness and not be protected.

Because some people have to fight for God and some people have to do other things.

There's not being hired to hide in the wilderness. That's not being fearful. That's not being hired. But it is fulfilling God's plan for that part of the church.

And God gave everyone of us the desire to live, to survive, except to Him. That's part of human nature.

It is God nature. It is what God gave us, every one of us, to want to live, to try to survive.

We have Matthew 25. The first section of Matthew 25 talks about the church wanting to survive in the great tribulation.

They have stored up, stocked up, extra supplies for the great tribulation for the midnight half.

We store up for ourselves an extra measure of the Holy Ghost, represented by the olive oil.

That we're obtaining as much olive oil, both physically and spiritually, as we can for the great tribulation.

No. People don't understand Matthew 25. One did. The first segment, the second segment, and the third segment is Matthew 25.

And the majority of the Christian world doesn't understand one verse of that entire chapter.

Matthew 25. Let's continue here. Chapter 13. Chapter 13 is just like chapter 11 and chapter 12, that is a review of the entire three and a half years.

It's not picking back up at the end of chapter 10 yet. It will eventually, the book of Revelation will eventually pick back up where it was before the, what we call, insect chapters.

Where they insect the review of history and of the tribulation. So chapter 13 does this as well, to review history for tribulation.

Verse 1. The dragon Satan stood on the sand of the seashore, then saw an eagle beast coming up out of the sea, the Mediterranean Sea, having ten horns and seven heads, and on his horns twelve ten cramps, and his heads had blasphemous names.

If we recognize that the antichrist is Assyrian, as the Bible says in Isaiah 10 and other places in scripture, then we know that this would be Assyrian names, not Hebrew names, not English names.

But Assyrian names, which would be Jehovah, Yahweh, Yahshua, Yahweshua, and all those other demonic, letter-wide names.

Assyrian names, they are blasphemous because they counter the true and holy name of Jesus.

They are blasphemous names, and that is contrary to chapter 14 verse 1, where the name of Jesus is sealed in the 144,000, but also the name of Jesus is sealed in our four heads as well, not only the 144,000.

Continuing now to verse 2. And the eagle beast, the antichrist, which I saw, was like a leopard, and the thief was like a bear, and his mouth like the mouth of a lion.

And the dragon gave him his power, and his throne his great authority, which proves that the antichrist is not Satan himself, despite that very, very popular doctrine.

Very popular doctrine that the antichrist is Satan himself. But Satan gives the antichrist his thief, his power, his authority, inheritance, son of tradition, son of Satan.

The leopard is a symbol for our land. The bear, of course, is a symbol for Russia.

The lion is actually the Arabic word Assad in the Arabic Bible. It says Assad, where it says lion.

So that's Syria. So we've got Iran, Russia, and Syria. And then the dragon, we know is Satan. But in the context of the nations, Iran, Russia, and Syria that we see in this chapter, it is also symbolic of China as well.

And we know that the Chinese government and the Chinese culture, by far, as far as religion and the way it came, is

satanic.

Far worship the dragon in a very mainstream symbol of idol worship in China. The Chinese literally worship dragons. Literally worship dragons. They have parades in the streets with dragons. That's satanic. So it's very appropriate for this verse to be referring, the dragon is referring to both China and Satan both as being a single entity.

Chinese, they're a more serious threat than the Russians as far as this war and invasion goes.

Because Russia, they have lost a lot of their military, their troops, their military, their country in the Ukrainian war. Russia is now greatly depending upon supplies from China and North Korea, from Asia, and by far, Russia.

China is the biggest threat out of all the allies of Syria. It is not Russia, but China is the biggest military threat of Congress and power plants.

So we can't leave China out in poverty. Dog and Magog. In that Magog, I go to the land of China. Dog and Jew.

That's a good question. And China and Satan both, they fear Assad authority. Because Assad by himself, the physical round, we know in the spiritual round he's got a lot of power and a lot of authority.

But in the physical round, someone like by himself, Syria by himself, had no muscles.

No muscles. But things depend very much on Iran. Iran is pretty weak actually. More than what people think, more than what America thinks.

Iran is very weak in many different ways. Iran is weak. Russia is now weak because of the Ukrainian war. So who does that leave?

China is the pot, the authority that Assad can depend on. His last muscle he got back.

Verse 3 now. And on one of his heads, seeing what he had been saying, now the head here, the Greek word, can be translated or interpreted as a capital city as it is in Isaiah 7 verse 8 where it says the head of Syria is the master.

So actually, better than his picture, Isaiah 7 verse 8, the head of Syria is the master.

So the head there is speaking as a capital city. So you've always been taught in the movies, and the churches have learned their theology from Hollywood, and of course Hollywood has learned it from the churches.

They think this is a physical human being assassinated by a gun. Bullshit. This is talking about Damascus becoming a ruinous heap. As it also speaks about in the Bible.

Okay, verse 3, Isaiah 17 verse 1, the masses are about to be removed. So we have two verses in Isaiah.

Jesus quoted Isaiah more than any other book in the Bible. Isaiah is extremely important for understanding prophecy and understanding God.

Isaiah the nudist, who freaked naked for three and a half years by the command of God, is one of the most important books of God.

He really wants to know God and understand God, and you should come to know Isaiah.

So this is an attack against Syria. So right now in the current context, what we're seeing occur in the Middle East, the war with Israel against Syria, Hezbollah, Hamas, and Iran, Lebanon.

Syria is the head. He's the anti-Christ. He is this dinosaur with multiple heads and crowns and horns. And he is the one behind the scenes, directing Iran what to do.

Absolutely. But he will be gained more power with Russia and more power with China in the coming months.

He already has complete control of Iran right now. The Iranian government has already declared previously and years ago that they already know who the Maude is, but won't rebuild it yet.

They actually said that. The Iranian government, what they call the supreme leader, he knows Assad is the Islamic meantime goal of the leader, the strong knowledge.

He knows that already. We don't know who else knows that, but he knows that. The supreme leader of Iran knows that, but at least he said he knew who it was, and I believe that he does know that.

But this is a military attack against Syria. So we see Israel attacking Syria every day, every day, every day, every day. I just don't report it every day because I don't want to repeat myself every day.

And because it's an everyday appearance. Nothing new, so I don't report it every day.

But I see the reports on the Internet every day. The usual construct Syria and Lebanon.

Every day Lebanon. Every day Syria. It's never ending. But going to come to a head, going to come to a conclusion of where you've got this major war in heaven, which reveals, reveals who the Maude is, who the Antichrist is, who the end time, who the world order, worldwide leader is.

And that will unite Jordan, Turkey, Saudi Arabia, all the enemies on every side of Israel, Russia and China, Iran, to come together under the orders of their Maude, their god, God, to attack Israel and America.

God, Ireland, Australia, England, New Zealand, and South Korea and their allies. Now we've got to move forward.

Verse 4, verse 3 again, verse 3. One of his heads seemed like it had been slain. In other words, there was damage in the

masses. But his fatal wound was healed means that the masses does recover and Assad does recover from the attack against Syria.

And the majority of the earth was amazed and followed after the evil beings followed Assad.

The earth does. The majority of the earth. So even a lot of Christians, a lot of the Buddhists, a lot of the Hindus, all the Muslims, and even many Christians because they've been waiting for their action.

So they're going to see the majestic appearance in the sky. The sky rolled back. They see into heaven and they see somebody sitting on the throne. These Christians that have been brainwashed and programmed to worship that appearance in the sky.

They will fall down on their knees worshipping a demon. That's the express purpose of the pre-Tribulation rapture fairy tale doctrine.

That is the reason that doctrine exists. And so that they may worship the antichrist because they believe a lie and love not the truth.

They love to trust scripture. Verse 4, they worshiped the dragon, also Satan, because he gave his authority to the evil beings and he worshiped the evil beings of God saying, Who is like Assad?

Who is like the evil beings? Who is able to raise war with him? And these were gave unto him, their word gave unto him, and now speak in arrogant words, saying I am God and so forth, and blasphemies, and the authority to act for 42 months was gave unto him.

That's the exact same 42 months that we keep in peace. False Christians, false pastors like to try to add the 42 and say here's additional 42, that makes it 7 years.

They don't understand scripture and they twist it on purpose. It's the same three and a half years.

It's the same in chapter 11, it's the same in chapter 12, it's the same in chapter 13.

It's repeating itself. It's not adding to it. It's repeating itself, explaining the tribulation in a different way in this chapter.

Easy to understand. So, verse 6, And he woke in his mouth and blasphemed against the Theos, who blasphemed his name, and his time, and our faith, and those that dwell in heaven, the angels.

And it was given unto him to make war with the saints, and to overcome them, and authority over every tribe, every people, every tongue, every nation, gave unto him.

Verse 8, And the majority of those who dwell on the earth will worship him, all those whose names were not written from the salvation of the world, the world's life, of the Lamb who has been slain.

If anyone had it here, let him hear. Anyone who leads toward captivity, to captivity he goes.

If anyone murders with a sword, a drone or ammunition with a sword, may he also be killed.

Here is the president and the faith of the saint. So, this verse 10, concerning self-defense of the great tribulation, is a different thing from self-defense outside of the great tribulation.

Once we get into the tribulation, we've got to recognize that God himself is the one that allows and gives the authority, even though it says repeatedly Satan gives the authority, that's by allowance of God.

God is the one that is determining all of this. We must recognize that the Chinese and Russian soldiers are coming as messengers of judgment, that they are the hand of God for our sins.

Therefore, unless you are in the military, or unless you have a special calling to fight them, you are not fighting.

If we're killed with a sword, if we're killed with guns, we also shall be killed.

We are not to fight the Chinese and Russian soldiers that are invading our nation unless that is our job and our calling.

If you're a member of the military, then that is your job and that is your calling.

But if you are not a soldier in the military, then by calling not your calling and calling not your job, there are very few exceptions.

Every person is different, but the majority of us, those people listening to my voice right now, I really don't know any of you, are called to fight the military, the tanks.

Are you really going to fight a tank vessel, an air jet? We're not called to fight.

All the people on earth? Yes, they will be called to fight, but not us. Now, I saw another eagle beast, a different one, not a saw, coming up out of the earth and had two horns like a lamb.

It's called like a dragon. This is called a sprocket. But it's not just one person, but it's two. There's no way I can be wrong about that at all.

Even though right now we have only one person. But we have two folks and we can't forget that.

We can't ignore that. We have two folks. Two horns is two people. How do we know that?

How could I not be wrong? How could I not be wrong about that? Ten horns is ten people, ten leaders. We all agree on that.

Different scholars, churches, ten horns is ten leaders, represented by the ten toes.

Ten in time people will be leaders of the New York order under Assad. If ten equals ten, then two equals two and one equals one.

Two horns is two people. Now how that's going to be fulfilled, we don't understand completely.

It could be, because it comes out of the earth it says, it could be that Benedict is resurrected as a grand, iconic miracle. That's possible. I cannot completely discount it. I don't know for sure that that is what it is. But it could be, since it comes out of the earth, maybe it may be symbolism or it may be talking about it, a resurrection.

There are people coming back from the dead every day in Africa because of demonic miracles, false prophets.

Do not discount the power of the enemy. They can work huge miracles. We are warned repeatedly in the Bible about big, big miracles that come from not from God, but from demonic power.

It doesn't have to be fake. It can be real and still be from demonic power. But another way that could occur is a retirement of Pope Francis and then bring up another pope and then we would have two popes again, just like we did. So that's another way I cannot completely discount that. However it happens, however it happens, we're going to have two popes again, somehow, someway.

And that's two horns of the false prophet. And a lot of people like to dream that the pope is going to attack us.

But then you wouldn't have two horns. You can't have it that way. You've got to hit the puzzle. And this is the only way that does hit the puzzle, is to have a government leader, a president, as a capital city for the Antichrist, but two religious figures for prophets.

Prophets are religious figures. Prophets are not government figures. The Antichrist has to be governed. I know that the pope is king of the Vatican.

That's true. He does have that political purpose. But he's not really seen in the world as a government figure, even though he is truly king of the Vatican.

He's not seen in the world as a political figure. He's seen as a religious figure.

So the prophets would be the religious figures. That's the only way it really hits the puzzle completely imperfectly.

Verse 12 now. Verse 12. They, those two horns of the false prophet, exercise all the authority of the Antichrist, the first beast, in his presence.

And they made the earth and those who dwell in it to worship the first beast of Sod, whose fatal wound was healed.

He recovered from the Lord. Verse 13. And they performed great signs, great miracles, so that they even made far come down out of the sky to the earth in the presence of mankind.

They built great, great miracles that you must remember to not be deceived by great miracles.

Great miracles doesn't prove all by itself that a person is truly a god. You must look at their doctrines.

Verse 14. And they deceived those who dwell on the earth because of the signs of miracles, which was given to them to perform in the presence of the Hebrew beast, telling those who dwell on the earth to observe or ordain, to create a stone.

All the other translations, all of them, all of them say image, but this word in Greek can be a stone, can be a stone to ordain a stone to the Antichrist, the Hebrew beast, who had the wound and the sword and has come to life, meaning he has been preserved from the Lord.

How do I know it's a stone? And specifically, it is the black stone of Mecca. How do I know that? Third note of verse 14, the Alpha Omega Phi, the word stone, not image, is absolute because it was a Syrian king temple of the Roman Empire that wrought the black stone of Mecca from Homs, Syria, to Rome, to the Vatican.

And next, all religions, he did, and he worshiped, he did, this Assyrian king of the Roman Empire.

He worshiped December the 25th, Easter and the sun and the moon and even transgenderism.

All of that was involved with that Assyrian king, which we need to get his name. We need to get his name Don and Robert.

We need to get his name. And also Revelation 9-20 doesn't say that the idols don't talk.

So we talked about that just recently. We talked about that there were idols, so we can't not have worshiped in the house of stone and wood and demons, gold and silver.

They don't move. They don't walk. But it doesn't say they don't talk. So we have an Islamic prophecy, and of course we don't believe all Islamic prophecies.

But it's common sense that some Islamic prophecies would be fulfilled so that Satan can use them in the time of great tribulation.

That's just common sense. And the Islamic prophecy declares that the black stone of Mecca will speak in the beheading, the murders of people who refuse to worship Islam and refuse to worship it and whatever else.

I thought there was a stone they'd worshiped but Diana got it. Huge problem. Without history, without the Old Testament, without the history of the pagan nations fighting with Israel, the little stone worship, the little idols of stone people used to make even within Israel, little what I call day whatnots that people put on the shelf, little images, little graven images of turtles, unicorns, the major one, unicorns, mermaids, wolves, stuff like that that people have in their houses today.

That's images of stone that people refuse to give up. And they put it behind glass cases just like they did put it in bookshelves or shelves rather in ancient times.

People still do it today. Some worship of Diana and of this particular Assyrian king of Rome and other things like that. Verse 15 now is given to him to put his theory into that stone of the evil beast so that the stone of the evil beast will even speak and cause his meaning.

He did not worship the stone of the evil beast to be murdered, which is the exact prophecy of the black stone of Mecca by the Muslims.

That is one of their prophecies. And they caused all the small and the great and the rich and the poor and the free and the slaves to be given a branding on their right hand or in their foreheads.

Everybody thinks this is a microchip. This is physical. But this made it spiritual because to compare it to Exodus 13 verse 6 to 16, Deuteronomy 11 verse 16 to 22, to compare it to those verses, it is very clear that the branding in our foreheads and in our hands of the true church, not only in the name of Jesus, but the obedience to the Ten Commandments and the Holy Days specifically.

Keeping the Holy Days, keeping the weekly gatherings, is a spiritual branding in our hands and between our eyes, meaning your foreheads, according to the Bible.

Not me, not my interpretation, but according to the Bible. So if we compare the mark of God, the branding of God, being the true Holy Days, then the false Holy Days versus Easter and Ash Wednesday when they put a mark on their forehead, that is the mark of the beast.

Ash Wednesday put a cross which is a Roman Catholic taking symbol on their forehead.

They are taking the mark of the beast repeatedly every year just like we take communion every year.

They take Ash Wednesday because they do communion as well. But that's the blood of Satan rather than the blood of God.

Holy Days, Holidays, is the mark of the beast. It is the mark of the beast. Christmas is the mark of the beast. Easter, Halloween, Ash Wednesday, St. Valentine's Day, all are leads. They are the mark of the beast. But also, even if you don't keep any of those days when you worship the side, or the Black Stone of Mecca, or Israel, or Hinduism, that's also the mark of the beast.

Part of these is more than one thing if we think about individual things, but we could sum it up as being the one thing of false religion.

Babylon literally means confusion. Which is any religion, that's confusion upon the earth, to have one church, one God, one Lord, one faith.

It's confusion to have a million religions. And they're all part of the mark of the beast, as a minimum, as a minimum. Seventh, they avenge this church. They say it's Sunday. They're right about it being Sunday. But they don't recognize that their court, women dominated court, absolutely, they're part of the mark of the beast too.

Because they are a women dominated court. They are the mark of the beast. And a lot of them still get Christmas gifts. A lot of them don't even believe Jesus is God.

So they are part of the mark of the beast as well. Not just Sunday. There's a lot more to it than that. It's all false religion. I'll show up here in a moment. We're almost done. Verse 17, so that no one would be able to buy or sell, except all of those that have the branding, the name of the evil people in approach to their branding.

So here, there's also a name associated with their branding. So if you are worshipping the letter Y names, the blasphemous names are on the forehead of chapter 13, verse 1.

Those, and not just those, the Korean versions and African versions, Chinese versions and so forth, and the Russian versions of the name of Jesus, which is not Jesus.

There's only one way to say the true name of God, Jesus. That's it. Any other version is not a true name of Christ. He is not allowed to translate the true name of God.

He is not allowed to translate the true name of God. There's only one name by which mankind may be saved.

That is Jesus. No translation of that name. His name is holy. It is not to be changed.

It is not to be twisted. It is not to be translated. His name is his name. His name is his name.

So there's a name connected with the mark of the beast. Just like what should be called his name would be part of the

spiritual branding.

The multitude of his name, everybody says number. The number of his name is the number of his name.

The number of his name is the number of his name. That is the multitude of his name.

The Greek word in this verse always refers to a group of people. Always and every time in scripture.

We don't care about what it might mean outside of scripture. In scripture it always refers to a group of people.

There's a group of people. I'm going to be the bad boy's dad here. I'm not going to do that. I'm just going to go forward.

And it says in verse 18, here is where there's been rhythm and understanding. He's turning the multitude of the evil beast into the multitude of mankind.

And his multitude is organizing the positive and the commonest. It's totally contrary to chapter 14 verse 1 of the name of Jesus.

So the name of God, if you're using Allah, if you're using any of the names of Jesus, no matter what it is, that's part of the Bible.

Who is using the name Allah? Who hates the name of Jesus? And it's also a war against Israel. Who hates Israel?

Russia, China, Syria, Iran. Ezekiel 38. You have to prepare Ezekiel 38 to know the understanding of who our multitude is in the number of the beast.

The word name, I mean a person, where is that word? Excuse me. Where is that word? Verse 17.

I want to see the word. Here's something. Verse 18. Verse 18 also notes the two of man and woman.

Other translations says number of man. Number of a man. So they say one man, one antichrist that is talking about.

Well actually the Greek word does not mean a male.

The Greek word means humanity. So if a group of humanity, even though there is one single antichrist, meaning a person, meaning another, but we know that the beast is one antichrist, one same tradition.

But the number of a man is actually should be translated as in the Greek, or the state of the Greek, as John wrote it in the context of scripture how the Greek words are used in scripture in the group of humanity, a group of humans.

So that rules out a strict usage of only six senses. But let me get this clear as well.

There will be a visual occasion of 666. There will be a visual occasion, actually see the numbers 666, because some Muslim, very secretive, small sect of Islam, and I don't know specifically, but I would not rule it out, including the Alawis as well, of course, sect of Islam.

But there are some Muslims that believe that 666 is a holy number that refers to the Quran.

So in their head, in their mind, in their thinking and their belief, 666 is not evil, but is holy, and it refers specifically to the Islamic scriptures.

So that particular small denomination of Islam, the terms of end time usage of the number 666 referring to the false religion of Islam, the three symbols here as well.

And you cannot separate Islam from communism and Nazism. You can't. It's impossible, totally impossible to separate Islam from Nazism and communism, because Islam takes Israel, therefore they are Nazis.

And they believe in communism because they believe in Sharia law. The world law of Sharia law is a major part of this mark.

Major, major, major part of the mark is Islamic Sharia law being forced upon people to read the halal mart.

Look up about the halal mark at isawthelightministries.com/halal.html

Hugh and Dominique also and also hello to W. Kim or WCC thank you as well I also want to say congratulations to Kiki because Sunday will be her eighth year anniversary of being reborn again she was baptized eight years ago this

coming Sunday that is tremendous to see somebody stay alive stay with us amazing that's a miracle congratulations sisters Calm Adam he says I'm thankful several occasions during conversations with fellow co-workers to talk about Jesus and his truth even at home Calm Adam spoke to Kiki and said congratulations sister Kiki praise Jesus amen ... MRWCC says this, as you know, my house has been for some time and it has been hard not to become discouraged, including in my prayers every day asking God for guidance about what I should do where I should go and asking Him to bring up my earth to my house.

I talked last week with my literature and told Him to put up my house on hold for a few weeks starting Monday since there has been no one to come out and work for seven weeks.

Saturday afternoon, I got a text for a showing request for Sunday. I don't know if anything was coming of it, but I can't tell such a thing that it was assigned to God telling me that He is still in control.

There is a reason for the delay. I just need to trust Him. Going through their study revelation, it sure seems that this has to do with what's coming from the world very quickly. Amen.

Glad to hear about that. Thank you for sharing that. Glad to hear that someone's going to take a look.

Adri365, I'm not sure if you are the one from South Africa or not. Please let me know either way.

But he or she says, Greetings, everyone, in Christ. I would like to ask a gentleman to read a scripture about the branding, art, and Luke.

I'm not sure what you thought of that. So if somebody could find that scripture. Or, Adri, if you know what chapter, what verse. I don't know what you're talking about.

A branding, art, and Luke. So I think it is Adri from South Africa. Good to see you. Good to see that you've got an internet connection for today.

And that you're able to join with us. Thank you very much. If you know the exact verse, please share it, Adri. Because I don't know where to go and move.

Let's see if I can pull up in the search engine. All right. I'm looking to see if I can find it in the search engine. I don't see that.

But if you think about it later, email it to me. I'll just put it on the search engine.

All right. Thank you, everyone. Thank you. I don't see that. If you think about it later, email it to me or message it to me or something, however you have available to contact me.
